(What did you learn this week?) with a list of activities: Day 1 (14 August 2023) Following Activities On Boarding Kampus Merdeka Batch 5 with some resources; Day 2 (15 August 2023) Learning Dasar Pemrograman untuk menjadi Pengembang Software at dicoding discuss about requirement application, conceptual about deep programmer, modification Application until documentation; Day 3 (16 August 2023) following the activities of a journey of personal transformation I got some insight to become a better person in the future and some personality to face the world of career and M Ruby as a person resource; Day 4 (17 August 2023) national holiday to commemorate independence day; Day 5 (18 August 2023) following of activities 'Sosialisasi Platform Kampus Merdeka untuk Peserta' with Tyas and Meriam Zannah as a resource explain about applicable provision while following activities MSIB [semburikan](#). Below this, there are two more sections: 'Senin 14 Agu 2023' with the question 'Apa yang kamu kerjakan hari ini?' and the answer 'MSIB Merdeka Campus batch 5 on boarding activities'; and 'Selasa 15 Agu 2023' with the question 'Apa yang kamu kerjakan hari ini?' and the answer 'Learn About Pemrograman Software Development'.

21-25 Agustus 2023

The screenshot shows the 'Kampus Merdeka' website interface. The header includes navigation links: Beranda, Program, Butuh Bantuan?, Notifikasi, and Kegiatanku. The main content area is titled 'Kembali' and 'Ditandai 21 - 25 Agu 2023'. It features a calendar view for the week of August 21-25, 2023, with icons for each day. The right sidebar contains a section 'Apa yang kamu kerjakan hari ini?' (What did you do today?) with a list of activities: 'Senin 21 Agu 2023' with the question 'Apa yang kamu kerjakan hari ini?' and the answer 'Read coding related to Introduction to Programming Logic material, as well as try a test for programming logic at hackerank'; 'Selasa 22 Agu 2023' with the question 'Apa yang kamu kerjakan hari ini?' and the answer 'Following ILT - SS1, discussing Growth Mindset and Feedback, learning the correct way to give feedback and receive feedback so that we can develop a growth mindset mindset'; 'Rabu 23 Agu 2023' with the question 'Apa yang kamu kerjakan hari ini?' and the answer 'Following Weekly Consultation - 1, the first step is to introduce ourselves to each other, then discuss whether there are any obstacles in week 1 or not.'; and 'Kamis 24 Agu 2023' with the question 'Apa yang kamu kerjakan hari ini?' and the answer 'Following the English pre-test activities, there is a reading test, matching the correct words, then there is a listening test'.

28 Agustus – 01 September 2023

The screenshot shows a web browser displaying the 'Kampus Merdeka' activity report for the period 28 August to 01 September 2023. The page has a dark header with the 'Kampus Merdeka' logo and navigation links: Beranda, Program, Butuh Bantuan?, Notifikasi, and Kegiatanku. The main content area is divided into two columns. The left column features a 'Kembali' link, a 'Disetujui' status, the date '28 Agu - 01 Sep 2023', and a weekly calendar view for 'Minggu ke-3' showing days S, S, R, K, J. The right column contains a section titled 'Apa yang kamu pelajari minggu ini?' with a list of five days of activities: Day 1 (Participate in ILT CC-1 activities, explaining what cloud computing is and explaining GCP, as well as discussing the uses of cloud computing, and the comparison of cloud computing and on-premise), Day 2 (Learn about UDP and TCP and learn about the transfer process before it reaches another user, learn the comparison between UDP and TCP), Day 3 (Following Weekly Consultation - 2, the first step is to introduce ourselves to each other, then discuss whether there are any obstacles in week 2 or not), Day 4 (Learn about VPNs, why you should use VPNs, and what are the benefits of VPNs, and learn Network Troubleshooting using the command line), and Day 5 (took part in the ILT - SS 2 activity, namely a discussion about spoken correspondence which explains the correct way to convey information via digital software such as telephone, Google Meet, etc.). A 'sembunyikan' link is at the bottom of this section. Below this is a 'Senin 28 Agu 2023' section with the title 'Apa yang kamu kerjakan hari ini?' and the text 'Participate in ILT CC-1 activities, explaining what cloud computing is and explaining GCP, as well as discussing the uses of cloud computing, and the comparison of cloud computing and on-premise'. The browser's taskbar at the bottom shows the date as 17/09/2023.

04 – 08 September 2023

The screenshot shows a web browser displaying the 'Kampus Merdeka' activity report for the period 04 to 08 September 2023. The page has a dark header with the 'Kampus Merdeka' logo and navigation links: Beranda, Program, Butuh Bantuan?, Notifikasi, and Kegiatanku. The main content area is divided into two columns. The left column features a 'Kembali' link, a 'Menunggu Persetujuan' status, the date '04 - 08 Sep 2023', and a weekly calendar view for 'Minggu ke-4' showing days S, S, R, K, J. The right column contains a section titled 'Apa yang kamu pelajari minggu ini?' with a list of five days of activities: day 1 (4 September 2023 - learning about the basics of website programming, namely HTML and CSS, I learned what tags are in HTML), day 2 (5 September 2023 - me absent from ILT-SS 02 discussion about time management), day 3 (6 September 2023 - I attended the 3rd weekly consultation and discussed what would be done and prepared for the next week), day 4 (7 September 2023 - took part in the A Glimpse into the Life of a Machine Learning Developer activity Unlisted is led by Jestine Siewij and the instructor is Vincent Tatan), and day 5 (8 September 2023 - I learned about semantic HTML and CSS, and I also studied these two things because they are very useful as a basis for programming). A 'sembunyikan' link is at the bottom of this section. Below this is a 'Senin 4 Sep 2023' section with the title 'Apa yang kamu kerjakan hari ini?' and the text 'learning about the basics of website programming, namely HTML and CSS, I learned what tags are in HTML'. The browser's taskbar at the bottom shows the date as 17/09/2023.
